

Romantic Blush, Cream & Sage

BOOKISH CENTERPIECE CHECKLIST

- Stack books in cream/ivory & sage tones for a soft base.
- Top with a lush floral arrangement of blush and ivory roses, peonies, or ranunculus.
- Add white filler flowers and airy greenery that spills outward and slightly downward.
- Tie a soft lace or sheer ribbon around the florals, letting it drape over the books.
- Place a gold-framed table number card for a refined focal point.
- Use taper candles and votives to create a warm, intimate candlelight ambience.
- Add optional gold-accented details (like an antique pocket watch) for a whimsical, storytelling touch.
